in 1972 in what appeared a whimsical decision at first idi amin the dictator of uganda declared that all asians holding citizenship of india pakistan bangladesh or the uk would be expelled from the country within three months as he put it mistakenly asians milked the cow but did not feed it to yield more milk it was the beginning of a nightmarish five months for niranjan desai who had been sent from india as officer on special duty to help tackle the crisis as he tried to help people leaving possessions and attachments behind for an uncertain future watched a country in turmoil where people vanished overnight and was himself declared persona non grata and put at some risk to his life but as he learnt from the experience rules and regulations are secondary and merely a guide while helping people in distress sometimes when there is no opportunity for the observance of diplomatic niceties it is common sense that counts the role of the indian diplomat is a varied one as desai s and other s accounts in the ambassador s club show and krishna v rajan himself a skilful diplomat has brought together for the first time a selection of experiences that shows the indian foreign service in a remarkable new light with a fine sense of observation and considerable writing

from the author of heretics comes this informative and enjoyable glimpse at the travails and achievements of emissaries over thousands of years booklist we think of ambassadors as simply diplomats but once they were adventurers who dared an uncertain fate in unknown lands bringing gifts of greyhounds and elephants to powerful and unpredictable leaders in vivid detail the ambassadors traces the remarkable journeys of these emissaries taking us from the linguistically challenged greek megasthenes to the first japanese embassies to china and korea from mohammed s ambassadors to egypt to the envoys of byzantium who had the unenviable task of convincing attila the hun to stop attacking them we also witness the dialogue between europe and moorish spain and meet the ill fated envoys sent in search of the mythical king prester john what europe still thinks of asia and what asia still thinks of africa were in no small part kindled in these long ago first encounters from the cuneiform civilizations of the ancient near east to the clashing empires of the early modern age jonathanwright brings alive the men who introduced the great cultures of the world to each other illuminating the practice of diplomatic immunity the gradual formalization of the institution of global diplomacy and the role of maverick diplomats wright carefully balances general developments in the scope of ambassadorial duties with colorful and exemplary tales of particular instances publishers weekly
