in its exploration of some of the most influential popular or critically acclaimed television dramas since the year 2000 this book documents how modern television dramas reflect our society through their complex narratives about prevailing economic political security and social issues television dramas have changed since the turn of the 21st century for the good many would say as a result of changes in technology the rise of cable networks and increased creative freedom this book approaches the new golden age of television dramas by examining the programs that define the first 15 years of the new century through their complex narratives high production value star power popularity and enthusiastic fan culture after an introduction that sets the stage for the book's content thematic sections present concise chapters that explore key connections between television dramas and elements of 21st century culture the authors explore *downton abbey* as a distraction from contemporary class struggles patriarchy and the past in *game of thrones* and *mad men* and portrayals of the dark hero protagonist in the sopranos *dexter* and *breaking bad* as a few examples of the book's coverage with its multidisciplinary perspectives on a variety of themes terrorism race class gender family dynamics and sociopolitical and socioeconomic topics this book will be relevant across the social sciences and cultural and media studies courses

lucy pearson's lively and engaging book examines british children's literature during the period widely regarded as a second golden age drawing extensively on archival material pearson investigates the practical and ideological factors that shaped ideas of good children's literature in britain with particular attention to children's book publishing pearson begins with a critical overview of the discourse surrounding children's literature during the 1960s and 1970s summarizing the main critical debates in the context of the

broader social conversation that took place around children and childhood the contributions of publishing houses large and small to changing ideas about children's literature become apparent as Pearson explores the careers of two enormously influential children's editors Kaye Webb of Puffin Books and Aidan Chambers of Topliner Macmillan brilliant as an innovator of highly successful marketing strategies Webb played a key role in defining what were in her words the best in children's books while Chambers work as an editor and critic illustrates the pioneering nature of children's publishing during this period Pearson shows that social investment was a central factor in the formation of this golden age and identifies its legacies in the modern publishing industry both positive and negative

Prestige Television explores how an array of 21st century US programming is produced and received in ways that elevate select series above the competition in a saturated market essays focusing on diverse series ranging from widely recognized constituents such as *The Americans* to contested examples like *Queen of the South* highlight how contributing authors extend conceptions of the genre beyond expected parameters

Early modern views of nature and the earth upended the depiction of land landscape emerged as a site of artistic exploration at a time when environments and ecologies were reshaped and transformed this volume historicizes the contingency of an ever changing elemental world reframing and reimagining landscape as a mediating space in the interplay between the natural and the artificial the real and the imaginary the internal and the external the lens of the unruly reveals the latent landscapes that undergirded their conception the elemental resources that resurfaced from the bowels of the earth the staged topographies that unsettled the boundaries between nature and technology and the fragile ecologies that undermined the status quo of human environs landscape and earth in early modernity picturing unruly nature argues for an art history attentive to the vicissitudes of circumstance and attributes the regrouping of representation during a transitional age to the unquiet landscape

A great nation has a great dream a great country has a great dream China's dream is to build a society of common prosperity and a world in which all people live together in peace and harmony this book provides predictions up to 2030 regarding the future major developments and trends of both China and the world in general from a historical and worldwide perspective this book spells out the dreams of all mankind in the pursuit of common prosperity it also offers China's vision and perspective to the world as well as Chinese scholars perspective on and worldwide vision for the future

The Roman Empire has been a source of inspiration and a model for imitation for western empires practically since the moment Rome fell yet as Julia Hell shows in *The Conquest of Ruins* what has had the strongest grip on aspiring imperial imaginations isn't that empire's glory but its fall and the haunting monuments left in its wake Hell examines centuries of European empire building from Charles V in the sixteenth century and Napoleon's campaigns of the late seventeenth and early eighteenth centuries to the atrocities of Mussolini and the Third Reich in the 1930s and 40s and sees a similar fascination with recreating the Roman past in the contemporary image in every case particularly that of the Nazi regime the ruins of Rome seem to represent a mystery to be solved how could an empire so powerful be brought so low Hell argues that this fascination with the ruins of greatness expresses a need on the part of would be conquerors to find something to ward off a similar demise for their particular empire

this book places irish antiquarianism in comparative context during the second half of the eighteenth century
